and it really is "tip-top." Before I discovered Tip-Top Bread, I thought I could bake and I could bake too, but my bread always seemed to lack "something." The flavor was absent, the crust was not right, or it was not baked through. One trial of Tip-Top proved it better than my own baking. "Why is it better? Because in the first place, it is always uniform in flavor

and quality, and again, it is light, snow white, close grained, of fine texture, easily digested and wonderfully appetizing."

PRAISE THIS REMEDY FOR CONSUMPTION

If the voluntarily written words of grateful people, living in all paris of the country, praising lickman's Alterative, a remedy for the treatment of coughs, colds, throat and lung troubles, are to be believed, this medicine is certainly doing a wast amount of good for such sufferers. We gute none but facts and give to you the names and words of praise of these who declare it benefited them—in many cases coupled with the writers' statements that it restored them to health. This is a sample taken from many:

to health. This is a sample taken from many:

St. Mary's Academy, O'Nelli, Nebraska. "Gentlemen: About seven years ago, I was attacked with the dreaded disease, Tuberculosis. I coughed uncassingly, could not sleep nor eat, even could not speak out loud and could do no work. I had three hemorrhages, raised blood most of the time and suffered with night sweats, fever and chills. A specialist of Columbus, Ohio, pronounced my care hopeless.

"Nearly five years ago, I heard of your Alterative and procured some at once, with the result that I soon found myself restored to health. For the past four years I have been able to continue my teaching and though I have always had heavy school work, I am also able to perform much manual labor. I consider your medicine, if faithfully taken, a most excellent remedy for consumption. Mother Superior permits this testimonial."

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about

2 minutes, you have as good syrnp as money could buy.

If you will then put 2½ camees of Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly.

And you will find it the best cough

syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.
